

## Hogg Construction

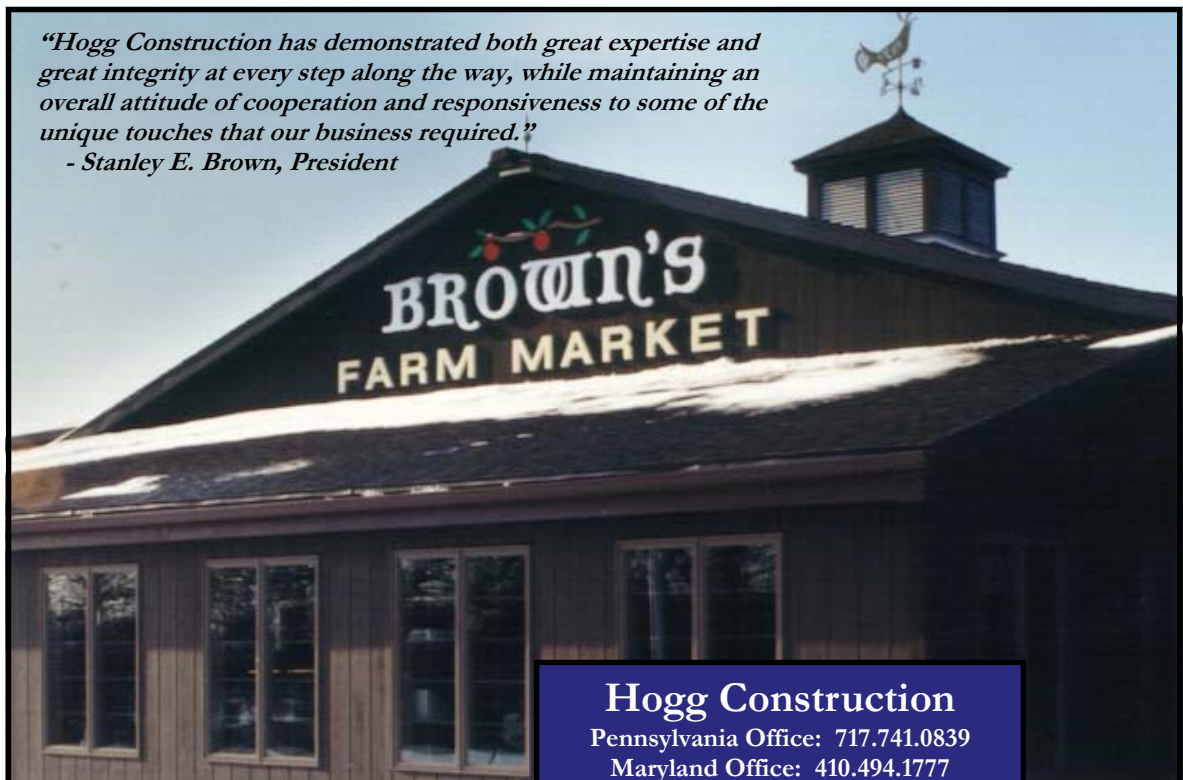

### Project Highlights

- First phase was the construction of a 2,244 square foot warehouse and distribution building
- Second phase was to connect the existing sales/prep building with the apple processing building
- Five separate buildings were built and/or renovated with no loss of business
- The project goal was to maintain the farm market appeal of the original store while improving efficiency and customer appeal

*"Hogg Construction has demonstrated both great expertise and great integrity at every step along the way, while maintaining an overall attitude of cooperation and responsiveness to some of the unique touches that our business required."*

*- Stanley E. Brown, President*
